On August 28, Kurt Grangood joined the Northern Community Mediation team. Among his responsibilities as a case manager, Kurt will handle school attendance, victim-offender, child protection, small claims, landlord/tenant, real estate and employment types of cases.

Kurt has a Bachelor of Science in Education from Central Michigan and a Master's in Education in Leadership from Ferris State. He has extensive experience as a teacher, principal and superintendent. In those capacities, he was able to implement programs to reduce tardiness and to integrate restorative justice principles into the school setting. In his application cover letter, Kurt stated, "I have cooperatively constructed safe learning environments and built responsible relationships with students, parents, teachers and other community members."

With this background and perspective, Kurt will be a true asset for Northern Community Mediation.

Northern Community Mediation is a non-profit organization that provides an alternative means of resolving conflict. Trained mediators, who meet with the parties involved in a dispute, facilitate the process so that the individuals themselves can resolve the conflict
